

MADE IN THE USA

H-SERIES

"I love this tool! With limited shop space, the H5 solved all my problems. Its small footprint makes it ideal for any shop. My only regret is not getting one sooner."

—Peter Coffee, Classic Creations, Sandy Utah

2" depth of cut available upon request.

VERTICAL PANEL SAWS

The popular H-Series saws are ideally suited for customers looking for a full sized vertical panel saw at a very affordable price. These saws are available in three crosscutting heights, 50", 64" and 74" while delivering an accuracy of 1/32" straight and square. With 3/4 Hp industrial motors, these versatile saws are used in a variety of panel cutting operations.

STANDARD EQUIPMENT

- 3/4 Hp, 15 amp industrial duty saw motor.
- Zinc plated 1 3/4 steel guide tubes.
- 4 Nylatron roller bearing systems.
- Adjustable vertical and horizontal rulers.
- Quick change from vertical to horizontal cutting.
- Thin material pressure guard.
- Injection-molded plastic material rollers.
- Spring loaded counterbalance system.
- Integrated dust collection bonnet.
- Extended warranty.
- TUV certified to UL/CSA standards.
